

POST-EXPERIMENT QUESTIONNAIRE
Investigation of Human-Robot Interaction with Tensegrity Robots

Overview

Having completed the experiment, please respond to the following statements and questions relating to your experience to the best of your ability. If you have any questions about the nature or content of these questions, please feel free to ask the administrator of the experiment.

Questions

1. I did not feel hesitant to physically interact with the robot.

Strongly Disagree	Disagree	Somewhat Disagree	Neutral	Somewhat Agree	Agree	Strongly Agree
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

2. I was not afraid of damaging the robot while physically interacting with it.

Strongly Disagree	Disagree	Somewhat Disagree	Neutral	Somewhat Agree	Agree	Strongly Agree
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

3. I was confident in how to communicate with the robot through physical interaction.

Strongly Disagree	Disagree	Somewhat Disagree	Neutral	Somewhat Agree	Agree	Strongly Agree
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

4. It made sense how to communicate with the robot through physical interaction (after learning the correct ways).

Strongly Disagree	Disagree	Somewhat Disagree	Neutral	Somewhat Agree	Agree	Strongly Agree
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

5. What was your impression of the robot?
